Cash Management
solutions

Sallén D1K family

Versatile to match
each installation
condition with a
simple yet powerful
user interface

The D1K is part of our compact deposit unit range. It streamlines daily cash processes and improves the overall efficiency of all the employees that deal with cash management. It also allows to maximise your ROI.

The compact range is designed to help small to mid-size retailers and carry out quick and safe cash deposit transactions with maximum adaptability to your needs.

The different compact solutions adapt to your needs in terms of size, capacity and type of storage. All compact range series run with our EMA platform.

Compact, Secure and Efficient Cash Processing

- Stacked banknotes in cassette.
- Real time accountancy of each transaction.
- Web remote management and administration (including banknote validator upgrades).
